

# Setting up alerts in DynaMed Plus

Make sure you are aware of the most relevant evidence based information, Dynamed plus helps you to do this.

*DynaMed Plus* topic alerts allow you to follow DynaMed Plus topics and receive notification when they have been updated.

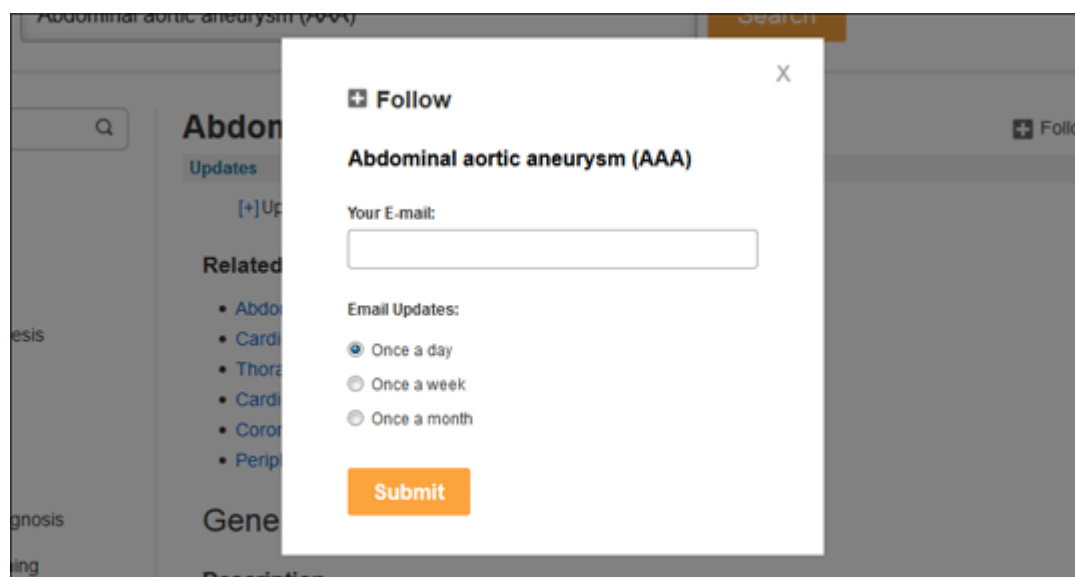

To set up a topic alert in *DynaMed Plus*:

1. From a *DynaMed Plus* topic, click the **Follow** link to the right of the topic title.

The alert pop-up box is displayed

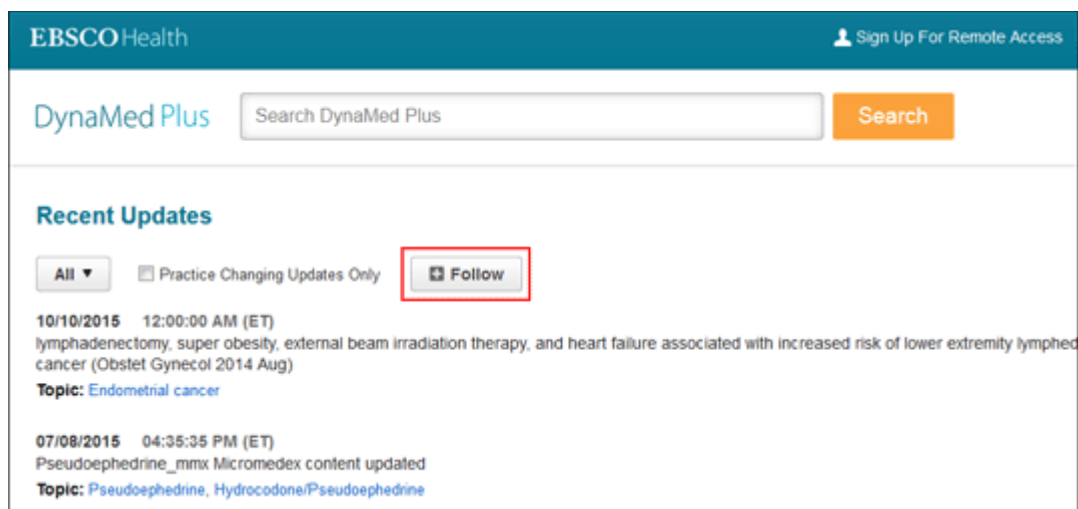

2. Enter your e-mail address in the field provided and select the alert frequency under **Email Updates**.

3. Click **Submit**.
4. You can also choose to follow all updates, or updates within a specialty.

**To set up a Recent Updates alert in *DynaMed Plus*:**

5. From the home page, click the **View All** link.
6. Use the **Limit by Category** drop-down to select a category – default is **All**.
7. Click the **Practice Changing Updates Only** box if you would like to only receive updates that are “Practice Changing.”
8. Once you have the display showing the way you would like to view the topics in your alert, click the **Follow** button.

The Follow alert pop-up box is displayed.

9. Enter your email address in the field provided and select the alert frequency from the **Email Updates** area and click **Submit** – see steps 2 and 3 above.
10. Once the alert is created, you will receive an email to “verify” that you set up the alert. (a one step process). Once verified, you’ll receive alerts based on the frequency that you requested.

**Note:** If at any time you would like to stop following a topic, you can click the **Cancel this update** link at the bottom of an alert email.
