

# MEET OUR SAFETY CHAMPIONS

Our Safety Champions promote communication from ‘floor-to-board’, ensuring that the Trust is focused on improving safety and outcomes in maternity services - tackling concerns and celebrating successes.

They are:

- Visible leaders working with our teams to deliver safe, personalised maternity care.
  - Sharing learning and best practice from national and international research and local investigations or initiatives.
- They come from a range of backgrounds and advise our Trust Board so that safety is high on the agenda across the organisation.

They're working with you to ensure:

- High-quality, clinical care in Maternity and Neonatal Services and facilities.
  - Workforce numbers.
  - Learning and training systems
  - Effective team working
  - Learning from incidents
- Shared learning and successes within and beyond this Trust.
- Engagement with those who use maternity services- particularly through our Maternity & Neonatal Voices Partnership (MNVP) and with the Local Maternity & Neonatal System (LMNS)
- Action from feedback to help deliver world- class services.
- Implementation of the Neonatal Critical Care Review recommendations.
- Strong working relationships with those leading all safety improvement-related activity.
