Equipment Loan Service

Laptops

- Login with your username and password
- Access to Microsoft packages – Word, Excel, Publisher, PowerPoint etc.
- Access to the internet using Trust Wi-Fi on-site and personal Wi-Fi off-site.

Tiny Tablet

The 'Tiny Tablet' interactive touchscreen display table is the perfect tool to support your team's outreach. The device's eye-catching screen is guaranteed to maximise the impact of your presentations. It is highly interactive and comes with numerous apps. Its robust design is also Bluetooth, Wi-Fi, and HDMI compatible, making it perfect for use around the hospital. It's easy to use and requires very little training, installation or maintenance.

Headsets

Practical, lightweight headsets featuring a padded & adjustable headframe perfect for Teams calls, internet conferences.

Projectors

All of our projectors come in a handy carry case with a shoulder strap and handle. We provide mains power leads and VGA leads (for connection with your laptop) inside each carry case. All projectors are compatible with desktop PCs, laptops and Macs. Please note you will need to supply your own adapter or Apple connector for a Mac.

Trifold Presentation board

Option to use 3 panels or 2 (burgundy/grey)
